**TO:** Future Arbutus Students and Parents

All students who attend Arbutus Global Middle School are invited to participate in the many music classes offered at our school. Students may participate in strings, band and choir. Students willing to be dedicated to more than one ensemble are encouraged to do so (i.e. both band and strings). This is in addition to the music exploratory where all students will explore music of other cultures, ukulele and guitar.

To facilitate scheduling, it is important for us to know which students will be participating in the strings and band programs. For beginners, selection of a specific instrument will be made at a later date. Choir enrollment will take place in September. All parents are asked to complete the form below. If your child attends Frank Hobbs or Campus View and plans to attend Arbutus, please return this form to your child's classroom teacher. If your child attends a school other than Frank Hobbs or Campus View, please have your child's school forward this form to Arbutus Global via district mail or drop it off at the Arbutus office.

Sincerely yours,

Michael Mazza and Jennifer Hill
